

How can you benefit from our services?

- Maybe you have a copy job that's just too big to do in house.
- Maybe your copier is down and the technician won't be able to come out for a couple days... but you need copies now!
- Maybe you can make the copies in your office, but you can't do the bindery, or another piece of the job.
- Maybe you just don't have the time to make the copies yourself... you're too busy focusing on YOUR CORE BUSINESS.
- Maybe you only do a few larger jobs each year, and it's more cost effective to have a small copier (or even a multi-function machine) in your office, and send out the larger jobs.

Our Xerox 4110 allows us to provide you with stellar quality at blazing fast speeds.

Why *Copy One*?

Photocopying service, done well, will make you pleased, but not ecstatic, because you expect it to be done right. If it's done poorly, however, it can be very upsetting, for the same reason- you expect it to be done right. Photocopying is not brain surgery, but it does require an attention to detail. You want, and expect your copies to look like the originals, after all, isn't that the point of photocopying?

Here at Copy One, we have built our reputation on providing excellent service that's reliable and valuable. We are competitively priced, but we don't try to be the cheapest, because "cheap" is not an adjective we want describing our services. We would rather be known as providing excellent value- people getting exactly what they need for a fair price.

Who do we serve?

We have provided value to various businesses and organizations in many different industries, but those deriving the most benefit, generally due to the greatest need, are the following:

- Legal
- Schools
- Non-profits
- Associations/Clubs
- Conferences/Conventions

This does not mean that these are the only industries we serve, but what they do tends to require copying service more than other industries. We'll gladly serve any industry/ business/ organization that would like excellent copying service.

Service IS important!

For the most part, a photocopy is a photocopy regardless of where you get it. The difference, however is in the service you receive. In today's growing business world, filled with plenty of huge,

Proudly serving the Pikes Peak region since 1996.

national and global companies, person-to-person business is becoming less prevalent every day. Not so at Copy One. You won't find yourself on hold, listening to some generic message about our appreciation for your patience while being on hold. You won't find us making promises we can't keep. You won't find yourself leaving our shop feeling as though we don't appreciate you as a customer. Without you, our customer, we wouldn't be in business; we are here to serve you. We aim not only to be a resource for your copying needs, but also for other related needs. If we can't help you, we have a list of trusted allies in the industry who might be able to help you. We don't have the luxury of national (or global) brand recognition, so if you are displeased with our services, we see that as a big problem. Honesty, integrity, service, and value- four values upon which we have built our business. We invite you to see how you we can benefit you.
